

Precision Series® Half Moon

Waste Receptacle

The top-selling, Half Moon waste receptacle sports a clean modern appearance and practical design. Its 8-gallon capacity fits well next to desks, elevators, lobbies, or other areas that require a modern, polished appearance. A galvanized liner with handle is included for easy trash removal.

The space saving design has a flat side to fit against any wall or corner

Hygienic surfaces have no pores that can harbor dirt or bacteria

Item #: 240711

Convenient open-top disposal with a 10" W x 4 ½" D opening

Indoor waste receptacle is constructed from recycled heavy gauge 304-grade steel

The rubber base ring keeps this unit from tipping easily and helps protect floors
