

Stainless Steel Recycling & Waste Receptacles

Precision Series®

Add a touch of class to your décor with the upscale, sleek designs of the Precision Series® Stainless Steel Waste and Recycling Containers. Precision Series® units have generous capacities that makes these receptacles perfect for entryways, lobbies, restrooms, office areas and waiting rooms.

Bottom-mounted rubber bases on indoor units keep these units in place, helps prevent tipping, and protects floors. Galvanized liners offer convenient handles for removal, making for hassle-free maintenance. Constructed with heavy-gauge, 304-grade stainless steel for an extremely long service-life and a polished look.
